Weston Consulting
201 Millway Avenue, Unit 19
Vaughan, Ontario
L4K 5K8

Attn: Mr. Mark Emery, President

Dear Mark:

Binswanger Hectare has worked with Weston Consulting on a number of commercial and industrial development projects located throughout the western GTA, in particular, Mississauga, Oakville, Milton and Brampton.

On each of these projects, Weston Consulting has demonstrated a high level of professionalism, knowledge and thoroughness in addressing the needs of the client in a timely fashion. Weston has significant expertise in navigating the complexities of the development approval process. Their efforts to reposition various industrial and commercial sites have resulted in the addition of significant value and greater efficiency to each of the properties which we have collectively worked on.

I would enthusiastically recommend Weston Consulting to any landowner or developer who is considering reviewing their land assets to identify and implement potential value added opportunities.

Yours Truly,
Binswanger Hectare

Dan Bates
President/Broker
