Dear Mr. Weston,

I want to acknowledge the exceptional service my team and I received from your Associate Ryan Guetter and his team (including Planner Nusrat Omer). For several weeks, Ryan has been helping us prepare a minor variance application as part of a project we are working on in the Township of King. Our project is related to another project in the area: the York Energy Centre (YEC) power generation facility. The power facility is somewhat contentious, and as a result our minor variance application was anything but "minor." Ryan's expert knowledge, professionalism and diligence lead us to an unexpected variance approval at last night's Committee of Adjustment hearing.

There is a 20 day appeal period – so we are not completely out of the woods. Nonetheless, I want to take this opportunity to express thanks to Weston, and in particular to Ryan, for a job well done.

Regards,
