

INTERMEDIATE LAND USE PLANNER

Weston Consulting is an established and progressive land use planning and urban design firm, which has served public and private sector clients for the past 39 years throughout the Greater Toronto Area in Ontario. We work on a variety of scales to implement a diverse project portfolio. As a result of our continued growth, we are seeking the addition of an Intermediate Land Use Planner.

ABOUT THE ROLE

Our urban planners work on a large collection of diverse projects ranging from urban infill to master plans to various site specific applications. Successful applicants will collaborate with our internal and sub-consultant teams as well as developers, builders, stakeholders, and residents to obtain various land use planning approvals throughout (and beyond) the Province of Ontario.

KEY RESPONSIBILITIES

- Bachelor's degree with a specific focus in Planning and Land Development (Graduate degree would be an asset);
- Knowledge of the Ontario Planning System, including relevant legislation and the development approval process;
- Candidate membership with OPPI;
- Minimum 2 years of planning (or related) experience;
- Knowledge of the Local Planning Appeal Tribunal (LPAT; formerly the Ontario Municipal Board [OMB]) would be an asset, but not required;
- Lead projects with strategic thinking and problem-solving skills to achieve successful results;
- Mentor and motivate junior-level staff to develop skillset; set and meet goals, etc.
- Ability to communicate effectively, both written and oral, with staff, project team members and the public;
- Valid G-class driver's license with daily access to a vehicle.

HOW TO APPLY

The position is available immediately. Salary will be commensurate with experience. Qualified candidates should submit a cover letter with their resumé, in confidence, via email to **Justin Polce**, Business Office Manager at jpolce@westonconsulting.com.

Weston Consulting an equal opportunity employer. All employment is decided on the basis of qualifications, merit and business need.
